Subject: Ascia testimonial

To whom it may concern

I write to confirm our recommendation of Ascia construction. Collingwood Batchellor employed them to extend our Horsham furniture store. Throughout the thirty week one million pound project they conducted the whole build extremely well, completing the project within budget and some three weeks early. On the strength of this we also instructed Ascia to rectify our previous builders mistakes on a separate project, which they were able to complete within the timescale of the other extension.

Best regards

Tom Collingwood

Managing Director

Collingwood Batchellor Ltd.
