

A quote:

*“We were delighted to work with Ascia Construction on the Phase 1 refurbishment of The Gavin Hall at Lord Wandsworth College. That the project was completed on time (and within a tight summer period), on budget and to a very high standard was testament to the extraordinary team that is Ascia Construction. If we were to single out areas for particular praise they would be:*

- *managing the works safely in our ‘live’ College environment, with two busy summer schools and an active summer sports programme;*
- *regular and effective communication on site – the site foreman was right out of the top drawer;*
- *accurate reporting and tracking of the programme, culminating in completing on time;*
- *managing the costs within the budget;*
- *quality control as the work proceeded, ensuring handover on time to the desired quality and to the delight of the Headmaster and Governing Body; and,*
- *Health & Safety management, with no accident or incidents.*

*Thank you Ascia for all you have done for our record numbers of pupils at Lord Wandsworth College – we look forward to working with you again in future.”*
